* length mixing tip + length cannula

** Customer specific printing on packaging possible (Standard: Article-No., LOT-No., Made in Switzerland)

Product Advantages

Integrated smoothly rounded stainless steel cannula

- Bendable and 360° rotatable - easy access to difficult areas.
- Constant flow of material, even when the cannula is bent.
- No additional intra oral tip is required.
- Low risk of soft tissue trauma due to smooth, rounded cannula.

T-Mixer technology

- Up to 40% less material waste
- Homogenous mixing results
