René Willi commented: *"I am excited and honored to be appointed as CEO of our company. With the IPO in 2021, medmix has developed a powerful and successful strategy, and on this basis, we now will move into the future together. Our focus will be on creating value for our customers and our shareholders by achieving sustained profitable growth and improving the way we run the company. I look forward to getting to know the different parts of our organization more, and to working with the dedicated and highly qualified teams worldwide."*
