MEDIA RELEASE

April 16, 2024

medmix' Drug Delivery ("Haselmeier") and NIPRO CORPORATION ("Nipro") announce an exclusive promotion and distribution partnership for PiccoJect™ in the Japanese market.

Nipro and Haselmeier are pleased to announce a strategic cooperation to promote and distribute the PiccoJect autoinjector in the Japanese market. Haselmeier expands its distribution channels in Japan with Nipro as a strong and experienced partner.

Key highlights of the collaboration:

- **Partnership:** Nipro will be the exclusive distributor of products based on the Haselmeier's PiccoJect platform in Japan. This strong commitment underscores the confidence both companies have in PiccoJect's potential.
- **Market Access:** Pharma and biotechnology companies across Japan will now have access to PiccoJect, the next generation 2-step autoinjector of Haselmeier.
- **Quality:** Nipro's commitment to quality aligns with Haselmeier's high standards. Together, they will ensure that PiccoJect maintains its strong performance and reliability.

"We are thrilled to partner with Haselmeier to introduce PiccoJect to the Japanese market. This collaboration reflects our commitment to advancing healthcare that positively impacts patients' lives", said Masanobu Iwasa, Director of the PharmaPackaging Division, Nipro. Dominik Vonier, Managing Director of Haselmeier added: "Nipro's extensive reach and reputation make them an ideal partner for PiccoJect. By combining Nipro's expertise in pharmaceutical packaging and Haselmeier's experience in drug delivery, this partnership contributes to advancing healthcare solutions. We look forward to a successful journey together."

Key facts about PiccoJect:

- Patient-centric design with an ergonomic shape, a large wrap-around drug window and a status indicator that provides clear binary feedback
- Low part count of only eight parts
- Committed to sustainability: Material with sustainable feedstocks and regional supply chain
- A full-service platform including combination product development, design verification, final assembly, secondary packaging, labeling and serialization
- Developed for a standard 1 mL long and 2.25 mL pre-filled glass or plastic syringes

Nipro will introduce PiccoJect to the Japanese market at CPHI Japan in Tokyo, April 17-19, 2024. PiccoJect will be available through Nipro from Q1/2025.
